

Yale for **every** application.

Counterbalance and Warehouse Materials Handling Equipment

1,000kg to 16,000kg.

Electric, Diesel, LPG and Dual-Fuel powered

Pedestrian Pallet Trucks

UX series

2,000kg
Platform pallet truck

- Advanced AC control system
- Regenerative braking
- Designed for low intensity applications.

MP series

1,600kg / 1,800kg / 2,000kg / 2,200kg
Pedestrian low lift pallet truck

- Low lift pallet truck for confined areas
- Optimised productivity
- Unrivalled manoeuvrability.

MPHD series

2,500kg / 3,000kg
Heavy duty low lift pallet truck

- Highly manoeuvrable
- Heavy duty indoor handling
- Ramp and gradient applications.

MPL series

2,000kg
Pedestrian lift pallet truck

- Compact, highly manoeuvrable
- Low lift mini-mast
- Ideal for Retail, Logistics, Manufacturing.

MPXD series

2,000kg
Pedestrian double stacker with operator platform

- Double pallet handling
- Intensive Trailer loading
- Cross docking.

MPX series

2,000kg
Low lift pallet truck with operator platform

- Stand-on and pedestrian operation
- Ideal for Logistics, Cross docking, Order picking, Production line.

MPT series

2,000kg / 2,500kg
Rider pallet truck

- Sideways operator area
- Ideal for Lorry/trailer loading
- Long distance Horizontal transport.

Pedestrian Pallet Stackers

UX series

1,500kg
Platform stacker

- Advanced AC control system
- Regenerative braking
- Designed for low intensity applications.

MSE series

1,000kg / 1,200kg
Compact high lift stacker

- Economy high lift stacker
- Handling open sided pallets and containers.

MS series

1,000kg / 1,200kg / 1,400kg / 1,600kg / 2,000kg
Pedestrian high lift stacker

- Good through-mast visibility
- Broad usability
- Initial lift variants available.

UX series

1,500kg
Pedestrian stacker

- Advanced AC control system
- Regenerative braking
- Designed for low intensity applications.

MSX series

1,200kg / 1,400kg / 1,600kg / 2,000kg
Pedestrian high lift stacker with operator platform

- Highly manoeuvrable but with fast travel speed
- Initial lift or straddle leg options.

MSS series

1,600kg
Rider pallet stacker

- Long internal distance applications
- Narrow aisles operations
- Comfortable ergonomics.

Order Pickers

MO series

1,000kg / 2,000kg / 2,500kg
Low level order-picker

- Fixed or lifting platform
- Independent fork lift
- Scissor lift option.

MOE series

1,000kg
Medium level order-picker

- Second and third level picking up to 4.8m
- Optional Fixed cabin, Supplementary lift, Walk-on platform.

MOS series

1,000kg
High level order-picker

- Rail or wire guidance
- Operation in very narrow aisles
- Pick locations up to 9m.

Tow Tractors

MOT series

5,000kg / 7,000kg
Tugger train systems

- Efficient and cost effective horizontal transport
- Range of trailers available for different applications.

MT series

5,000kg / 7,000kg
Seated tow tractor

- 3-wheel and 4-wheel models
- Medium to long distance travel
- Cabin options available.

Turret Trucks

MTC series

1,000kg / 1,300kg /
1,500kg
Very narrow aisle
turret truck

- Ideal solution for high density warehouses
- Can work in aisles from 1650mm
- Capable of lifting to 17m.

Pedestrian Counterbalance Stacker

MC series

1,000kg / 1,200kg / 1,500kg
Counterbalanced
stacker

- High mounted reversible tiller arm
- Operated from the rear or the operator platform.

Reach Trucks

MR / MRE series

1,000kg / 1,200kg / 1,400kg / 1,600kg /
2,000kg / 2,500kg
High level reach truck

- Standard mast reaches to 10.5m
- Heavy duty mast reaches to 12.75m
- Excellent all-round visibility.

Three-wheel Electric Counterbalance

VC series

1,300kg / 1,500kg

- Highly productive in tight spaces
- Rear wheel drive
- Medium to heavy duty applications.

VT series

1,500kg / 1,600kg / 1,800kg / 2,000kg

- Front wheel drive
- Block stacking
- Congested loading and unloading.

Four-wheel Compact Electric Counterbalance

VA series

1,600kg / 1,800kg / 2,000kg

- Cushion tyres for internal confined spaces
- Compact, energy efficient truck
- Extremely stable in high stacking applications.

VG series

2,200kg / 2,500kg / 3,000kg / 3,200kg / 3,500kg

- Powerful, highly manoeuvrable
- Extremely stable in high stacking applications
- Ideal for internal, confined spaces.

VH series

4,000kg / 5,000kg / 5,500kg

- Heavy duty, high performance truck
- Industrial applications - Building materials, Metal handling, Paper.

Four-wheel Electric Counterbalance

UX series

1,500kg / 1,800kg / 2,000kg / 2,500kg / 3,000kg / 3,500kg

- Easy to maintain and service
- High visibility masts and optional integral side shift
- Designed for low intensity applications.

VF series

1,600kg / 1,800kg / 2,000kg

- Compact, energy efficient
- Designed for internal confined spaces
- Extremely stable in high stacking applications.

VL series

2,200kg / 2,500kg / 3,000kg / 3,500kg

- 80 volt energy efficient truck
- High levels of productivity
- Medium to heavy duty internal or external applications.

VM series

4,000kg / 4,500kg / 4,999kg / 5,000kg / 5,500kg

- Heavy duty operations
- Suitable for Paper, Brewing, bottling and Automotive industries.

Four-wheel Internal Combustion Engine Counterbalance

MX series

2,000kg / 2,500kg / 3,000kg

- Solid utility platform
- Excellent reliability
- Suited to Secondary Distribution, Wholesale, Retail and Rental applications.

VX series

1,600kg / 1,800kg / 2,000kg

- Low cost of acquisition
- Optimised performance
- Medium to intensive applications for Logistics, Large warehousing, Manufacturing, Building products.

UX series

2,000kg / 2,500kg / 3,000kg / 3,500kg

- Diesel, LPG and Dual-Fuel
- Easy to maintain and service
- Designed for low intensity applications.

VX series

2,000kg / 2,500kg / 3,000kg / 3,500kg

- High levels of productivity, ergonomics and dependability
- Medium to intensive work cycles for Warehousing, Manufacturing, Industrial chemicals.

GC VX series

2,000kg / 2,500kg / 3,000kg / 3,500kg

- Compact LPG powered truck
- High lift applications in confined areas
- Suitable for Logistics Distribution, Large warehousing, Manufacturing.

GC VX series

4,000kg / 4,500kg / 5,500kg

- Compact for use in confined areas
- Medium to intensive work cycles, for Logistics, Distribution, Large warehousing, Manufacturing, Construction products.

GC VX series

6,000kg / 7,000kg

- Heavy duty applications in confined areas
- Used for Building materials, Timber, Paper and Metal handling.

Four-wheel Internal Combustion Engine Counterbalance

VX series

4,000kg / 4,500kg / 5,000kg / 5,500kg

- High levels of productivity, ergonomics and dependability
- Applications for Logistics, Distribution, Large warehousing, Manufacturing, Building products.

VX series

6,000kg / 7,000kg / 8,000kg

- Heavy duty applications in confined areas
- Low running costs
- Used for Building materials, Timber, Paper handling.

VX series

8,000kg / 9,000kg

- Optimised performance
- Low cost of acquisition
- Heavy duty cycle applications: Construction materials, Timber, Manufacturing metal and Paper operations.

DF series

8,000kg / 9,000kg /
10,000kg / 12,000kg

- Heavy duty trucks
- Arduous applications for Wood and timber, Stevedoring, Heavy cargo, Metal stockholding, Pre-stressed concrete.

EF series

13,000kg / 14,000kg / 16,000kg

- Heavy duty trucks
- Arduous applications for Wood and timber, Stevedoring, Heavy cargo, Metal stockholding, Pre-stressed concrete.

EF series

16,000kg @ 1200mm load
centre

- Heavy duty trucks
- Arduous applications for Wood and timber, Stevedoring, Heavy cargo, Metal stockholding, Pre-stressed concrete.

About Yale®

Yale is a leading global manufacturer and supplier of high-quality counterbalance forklift trucks, warehouse equipment and fleet solutions. 'People, products and productivity' sums up our approach to the materials handling business. With over 140 years' experience, we are proud of our reputation as an innovative, forward-thinking manufacturer.

Yale dealerships provide flexible truck servicing solutions and are linked to one of the industry's most sophisticated parts distribution operations. You'll find support for Yale forklifts throughout the EMEA region – provided by a big regional footprint stretching through Europe, Middle East and Africa.

Materials handling for:

Automotive

Beverage

Chemical

Construction

Food

Logistics

Metals

Paper

Retail

Wood
