Our ref. SHEQV80

Feb 2021

Dear Customer,

Safety, Health, Environment, Quality and Financial Information

Thank you for taking the time to request Briggs Equipment UK Limited supply you with management information relating to Briggs Quality, Environmental and Health and Safety performance. It goes to prove to us that you take these matters as seriously as we do.

In order that we can satisfy your request for information we have created a Customer SHEQ Pack, this is a data base of relative documents detailing answers to frequently asked questions of Safety, Health, Environment and Quality.

We see many examples of supplier questionnaires ranging from a basic declaration through to the most comprehensive requirements. In order that Briggs can demonstrably prove that we care about our management systems as much as you do we have set out to answer a wide range of questions based upon our experience of most all UK industry sectors.

Included within the pack are many examples of the supporting documentation that we use in managing both ours and your business risks for your awareness, these include; Company registration details, financial standing and banking details, insurance documents, control documents (risk assessment and method statements), trade organisations and membership certificates, ISO standards, Company policy statements and much more.

I trust that you'll find everything you need within the folder but if you feel that you need more information or have a specific question please do not hesitate to contact us on safety@briggsequipment.co.uk where we will provide you with what you are looking for.

Assuring you of our best intentions at all times.

Yours sincerely,

Safety, Health, Environment and Quality Team
Briggs Equipment UK Limited
